THANK YOU

Dear Friends,

Fiscal year 2020 has easily been the most difficult year of our existence. One that had significant highs and lows.

As last year progressed, we generated outstanding results in our Vocational Program, with 86% of our eligible male and female Veterans landing jobs. We became a subcontractor of The WorkPlace for the State of Connecticut Department of Labor's Military to Machinist program, which prepares Veterans struggling with long-term unemployment for rewarding careers in advanced manufacturing. Our services enabled 72 residents to transition into permanent housing. Our Homes for the Brave Veterans Service Center continued to grow, and we began hosting a weekly AA meeting.

In March, COVID-19 gripped our nation. The pandemic presented a monumental challenge to the way we run our organization. Our focus became squarely on keeping our residents and staff safe. While heavily occupied, we did anything and everything we could do to promote social distancing. We adjusted our routines to serve meals and conduct weekly house meetings in shifts. We removed half of the stations from our computer lab. External visitors, meals, and workshops were halted. Our expenses for food, cleaning supplies, staffing, and PPE skyrocketed.

We could not be prouder of our residents and staff for how they responded. We thank our outstanding Board of Directors and our remarkable donors for giving us the guidance and support to keep providing world-class service for the Veterans we care for 24/7/365. We are grateful to you, our donors, because without your support, preparing our residents for clean, safe and affordable permanent housing, and for becoming positive forces in their communities would not be possible.

We hope you find this Community Report informative and ask that you continue supporting the work we do in fulfilling our mission to serve those who have served our country and now find themselves in need.

Very Truly Yours,

Robert Kozlowsky
Chairman, Board of Directors

Homes for the Brave (HFTB) provides 42 beds of transitional living for Veterans and non-veteran men experiencing homelessness, with 37 spaces designated for Veterans. It is the largest program of its kind in Connecticut.

Waldorf House provides permanent supportive housing with case management services for 9 Veterans and non-Veterans who are formerly homeless and are now independent. Residents pay 27% of their gross income for rent, including utilities.

Female Soldiers: Forgotten Heroes (FS:FH) at the PFC Nicholas A. Madaras Home provides transitional housing for up to 14 female Veterans experiencing homelessness and their young children. It is Connecticut's first and only program exclusively for this population.

Individuals receive help with immediate basic needs, including life skills and computer training at our walk-in, drop-in **Veterans Service Center**. Meetings with federal legislative staffers and therapy dog visits are also provided.

Our **Training for Success Vocational & Educational Program** offers employment services. Staff work one-on-one with clients on resume writing, job searches, and interview preparation. We connect Veterans with available educational benefits and help them with job training.

Many of the Veterans we serve are ineligible for VA clinical services. Some find it difficult to travel to the medical campuses in West Haven or Newington. We launched the **Homes for the Brave Clinical Program** to address the gaps in services for Veterans with mental health and substance use disorders.

THANKS TO YOU, OUR CLIENTS ARE

ATTAINING EMPLOYMENT

A new vocational opportunity will become available to our Veterans this upcoming year. In 2020, we partnered with The WorkPlace on the Military to Machinist program. This new program aims to assist Veterans in Connecticut with the skills they need to obtain in-demand jobs in advanced manufacturing and related positions. This new component adds to our current Vocational Program, connecting Veterans to educational benefits and to job training.

GAINING INDEPENDENCE

Homes for the Brave was awarded a generous \$181,679 two-year grant from the Federal Department of Veteran Affairs for follow-up case management services. This allowed us to hire Clinical Case Manager Kristine Brown, who works with Veterans leaving housing programs and those who need support to maintain permanent housing. Through these services, clients are better equipped to return to a life of full independence.

STAYING SAFE AMID COVID-19

COVID-19 forced us to take unprecedented measures to keep our clients safe and help stop the spread of this deadly disease. Weekend dinner service was added and multiple sittings were scheduled for meals and house meetings. We worked quickly to move Veterans into safe, stable housing to make more space available in our programs. New residents quarantined upon arrival. Social distancing, masks and hand sanitizer help us maintain a safe environment.

In this past year, clients have increased their average income by 34% and have experienced a 118% increase in their employment.

We bid a fond farewell to long-time Case Manager Georgianna Bradley. Over the years her work at Homes for the Brave has helped countless clients get the help they needed to build their paths to success.

ANSWERING THEIR CALL: OUR VETERANS' STORIES

AARON'S STORY

It is hard to imagine that in America there are Veterans experiencing homelessness, but it is a daily occurrence and for a variety of reasons. Meet "Aaron," an energetic and proud Marine Corps Veteran, who was a resident at Homes for the Brave.

After four years of service while traveling the world, and an honorable discharge from the Marine Corps, Aaron started his own welding company, specializing in the cruise industry. Unfortunately, a series of poor choices led to him becoming incarcerated.

Upon release he had a choice: return to his home state of Florida, or make a fresh start. Knowing he was his own best advocate, Aaron connected with the West Haven VA when he arrived in Connecticut, and there he learned about Homes for the Brave.

"There's a solution to every problem, and Homes for the Brave provided me with the tools and individual support that I needed for my particular situation."

While at HFTB, Aaron worked with his case manager to develop a plan to get back on track. He took advantage of all the services Homes for the Brave offers. He attended life skills workshops and completed the computer class. He worked closely with vocational staff to perfect multiple resumes and his interviewing skills. In time, HFTB helped Aaron find housing in an apartment where he can garden. His son later moved in with him. Today he is working toward rebuilding his welding company.

"I needed someone to believe in me – someone to meet me where I was and help me through my specific challenges. I'm forever grateful for that support."

KAYLA'S STORY

"I didn't want to be there," remembers "Kayla" as she talks about her first day at FS:FH. "I was scared and alone. I couldn't believe anyone understood what I was going through."

Kayla grew up in New Jersey in a military family. Her father, her sister, and she all enlisted in the Army. As the first female to work in the Pentagon's dental lab, Kayla characterized herself as independent and self-sufficient. Upon her discharge, Kayla went on to have a long and successful career at the VA hospital in Washington DC until she retired in 2018.

She looked forward to traveling, but unexpected medical bills left her reeling. Quickly, Kayla found herself in a difficult economic situation and about to face eviction. She needed a fresh start. Without a car, she took a Greyhound bus north where her mother and sister lived. "I just remember looking down at my key chain and not having any keys for the first time in my life."

Still in shock and overwhelmed at how her life had turned upside down, Kayla prepared herself for life in what she thought would be a typical homeless shelter. Instead, she arrived at FS:FH and found a beautiful facility and a robust program. She saw the genuine affection and personal touch the staff had with her fellow residents.

As she became more comfortable, Kayla began to open up about her struggles with depression and began embracing her new community of fellow Veterans. She participated in traditions like cookie decorating with her housemates and started painting, nurturing her creative side and reducing stress.

Kayla now lives independently in a complex with other female Veterans and is making new friends. She credits FS:FH for reminding her how much people care about her and for showing her a community that is always there for her. "It was overwhelming at first," she admits, "but even talking about FS:FH now brings a bright big smile to my face."

2020 VOLUNTEER OF THE YEAR

Mark Hirschbeck is our 2020 Volunteer of the Year. Mark has been coming to HFTB each month since 2017, providing free haircuts to our male residents.

He creates the barbershop feeling in our laundry room each time he comes, with music and great conversation. His tagline is 'Changing Lives One Cut at a Time.' One truly sees the power of a haircut and the boost of confidence it can give to a person each time he visits. In June 2020, he opened his barbershop Hirschey Cuts in Shelton, Connecticut.

We gratefully acknowledge the generous support of donors who have contributed to ABRI's mission from July 1, 2019 through June 30, 2020.

These contributions support housing operations, health and human services, and vocational and life skills training at three unique facilities. Our programs provide the foundation to help individuals achieve their goals. Generous support creates positive change and inspires our residents to begin their life-transforming journey.
